

# CLEAR VIEWS & NEWS

A PUBLICATION OF CORPORATE CLEANING SERVICES

SPRING 2016

As we begin our busy spring season, I want to share some exciting news about Corporate Cleaning Services. As part of our ongoing commitment to remain an industry leader in all that we do, *we have recently created the new position of Safety Director.*

I am proud to welcome **Jeff Spino** to that important role. Jeff brings more than 30 years of industry experience to the job and will put that experience to use as he oversees all of our safety efforts - benefitting our staff and our clients.

In this new role as Safety Director, Jeff will conduct safety audits, inspections and analysis at each of our work sites. This will be an invaluable accident prevention tool, as Jeff identifies hazards and develops plans to eliminate or minimize them before a job is performed. His findings will also serve as a guide for new employee training and continuing training of senior staff. I am excited that Jeff has joined us at Corporate Cleaning Services, and I know that you will enjoy working with him and seeing the value that this position will bring.

In additional safety news, *every member of the Corporate Cleaning Services team has been trained and certified in Occupational Safety and Health Administration (OSHA) 4-Hour Fall Protection.* Every crew leader is OSHA-10 certified, and all of our foremen are OSHA-30 certified - giving our supervisors the knowledge to help them identify and avoid hazardous situations, while maintaining a safe work environment. We train and ensure our crews have the skill and knowledge to work, create and maintain safe work environments.

Now in our 22nd year, any investment Corporate Cleaning Services has made and continues to make in safety is not because we are required to, but because we believe it is the right thing to do.

**When we say that safety is our top priority, we mean it.**

I appreciate your confidence in Corporate Cleaning Services and our entire staff. Please join me in welcoming Jeff, and let me know if there is anything more we can do for you.

Sincerely,

Neal Zucker  
President/CEO
